NOTICE TO CAPITALISTS.

I SHALL Proceed to sell to the highest bidder for cash, at the Court House door in the Town of Louisburg, on the 1st Monday in November next, it being the 7th day of the month, some Twenty or Twenty-five Thousand Acres of valuable Land, among which is the well known Portis Gold Mine, lying in Franklin county on the waters of Fishing and Shocco Creeks, containing nine hundred thirty-three and one-third (933⅓) acres together with all the Machinery and appurtenances.

Also all the chattle property. This property is so well known that any particular description is deemed unnecessary. The entire tract is rich in Gold, and all the difficulty is a full supply of water. We are informed that an Independent Water Company is now surveying a ditch from Sandy Creek, to supply this and other Mines in the neighborhood with water, when this is done and it will be accomplished in a few weeks, this property will be immensely valuable. The property will be sold for cash and unless parties from a distance come in competition, it must be greatly sacrificed.

WE BEG TO ANNOUNCE that we have been appointed Sole Agents for the sale of the above Patent Tie in Virginia and North Carolina.

The satisfaction it gave last season wherever used, warrants us in recommending it as the best tie yet introduced. We shall have our supply direct from the manufacturer in England, for delivery in July and August, and at lowest market rates.

LABOR IN VAIN.

The *Standard* of Wednesday has a long article, apparently from the pen of Gov. Holden, vindicating Judge Pearson in his action in regard to the late *habeas corpus* cases. We have no disposition to go into a lengthy review of the article, nor is there any necessity for it. Judge Pearson's course is before the world, and by the judgment of public opinion he will stand or fall, and no propping up or plastering over the subject can change the verdict.

Intimately connected with the action of Judge Pearson is that of Governor Holden. They were "in accord" with each other; Gov. Holden so stated and Judge Pearson so admitted to the *Tribune* correspondent. They were working together with a perfect understanding for the accomplishment of the self-same purpose. What that purpose was the country fully comprehends.

If Gov. Holden shall be justified in having a law passed by the Legislature, by the operation of which he is enabled to set aside the fundamental law of the State and of the Union, and do that which the Constitution declares shall not be done, then Judge Pearson and Judges Dick and Settle will be justified in the course they pursued in sustaining Holden in his defiance of the Constitution and the rights of the citizen; if Gov. Holden is not sustained, they go down with him. All Judge Pearson's former good acts; all his legal erudition and attainments as a jurist, will but augment instead of mitigate the turpitude of his action in the late *habeas corpus* cases, because these but placed him in the position of those reprobates of whom it was said, "ye knew your duty and ye did it not."

It is but natural that Holden should defend Pearson, and that Pearson should sustain Holden; they are in the same boat; the fate of the one will be the fate of the other. The character of that fate cannot be altered now by newspaper eulogies nor interested special pleading.

The smoke is clearing away; the excitement through which we have been forced to pass by partisan malice is subsiding, and acts will be measured according to their merit or demerit. The verdict of the country will be pronounced on Holden and Pearson, Pool, Settle, Abbott and all others who were engaged in or connected with the late shameful conspiracy against the Constitution and rights of the people of this State.

OUTRAGES IN ROBESON.

We have several times called the attention of the authorities to the repeated outrages committed upon the good people of Robeson, by a band of lawless desperadoes composed of blacks, mulattoes and mean whites. These desperadoes are said to be Loyal Leaguers. If they had been Democratic Ku Klux, the whole country would have been aroused to put them down. This gang has been at their lawless work for years; several parties have been killed by them, and house-breaking and robbery have been almost weekly, and yet no effort that we are aware has been made by Gov. Holden to discover and arrest the perpetrators.

The last Wilmington *Journal* gives an account of robbing by this Klan on Monday last. The gang went to Plummerville and robbed the houses of Mr. Angus Leach and Mr. McKay. Eight young men of the neighborhood went in pursuit of them, and found some fifteen in a swamp, fully armed. A Mr. Davis, who seems to have been fearless and somewhat rash, rushed in and fired upon them; his fire was returned and he was wounded. His comrades seeing he was wounded and that they were likely to be overpowered, beat a retreat, but Davis supposing that he was supported by them, drew his pistol and called upon them to follow him and plunged into the thicket.—Davis has not been heard from since and the fear is that he was murdered. Search has been made but he has not been found. Robeson is at length fully aroused, as she ought to have been a year ago, and every effort will be made to arrest the desperadoes and put a stop to these outrages.

"DISREPUTABLE JOURNALISM."—Under this caption the *Standard* of Thursday makes a statement of what the writer was once told by a reporter of "a scurrilous Democratic paper of this State," as he terms it, in regard to the character of the articles he was required to write. Now, we don't believe there is a word of truth in the article alluded to, and the "invisible editor" hides himself behind two screens—his own invisibility and the vague and indefinite mention of the "Reporter"—to perpetrate a falsehood for which there is no chance of bringing him to account. We have no doubt the writer of the article in the *Standard* is writing for his daily bread and "sentine," and stands ready at any time to do (as he is now doing) anything required of him for the means of procuring these indispensible luxuries.

TRUTH AND FALSEHOOD.

The last Rutherford *Star* in allusion to the recent suspension of the *Standard*, truthfully says:

"We regret to see any newspaper forced to suspend, but if the *standard* is resumed, and its course shall be in the future what it has been in the past, we do not think it will be any great benefit to the party."

In another article alluding to a remark of the SENTINEL, in which we stated that

"The republic of France as a vitalized acknowledged power of Europe, can never exist only in the imagination of its fickle people, until Europe itself is regenerated, and until the "model Republic" the United States gives the world stronger proof of its being "the best government in the world," the *Star* very falsely says:

"The writer of the extract is no *friend* to the Flag that protects him; and the hatred to the government which he carries in his heart, is sufficient, had he the power, to remove from the face of the earth and from the remembrance of Man, every vestige of the American Republic."

The U. S. government and its flag, administered as it was for sixty years and as it ought to be now, has no better friend than the writer of that article. We cheerfully assent to the proposition that it was, until corrupted and administered by Radicalism, "the best government in the world," but it is now a very different thing from what it once was. We would not soil the flag, but protect it, but to make that flag the emblem and ensign of what it once was, we would restore the government to its former purity and integrity.

KIRK'S CHAPLAIN IN JAIL.

STATESVILLE, Oct. 5, 1870.

EDITOR SENTINEL: Geo. L. Beam, Kirk's Chaplain, was arrested in this county and lodged in jail at this place, last night, under a charge of bigamy, which seems well sustained. Some fifteen years ago, Beam married a wife in this county, by whom he had two children, and then deserted her, took up with a woman in Wilkes county, and cut out for East Tennessee, and by this woman has had five children, according to his own report, but denies being married to her;—the odds, is the difference. It would appear that after Holden's militia and Kirk's vile crew disbanded, Beam being a religious and *moral* man, desired to visit Iredell and preach among those he had known in former days, supposing that his wife was either dead or that his rascally desertion of her had been forgotten, or that he would not be recognized by her. He did preach, so to speak, at several places, and had other appointments; at her instance he has been caged, and most likely, in due time, will find his way to Raleigh, to keep company with the "lost" in the Penitentiary. Of such is the company of "old John Brown marching on" Col. Kirk, Lt. Col. Burgin and their Chaplain, Beam, all in jail! Pray for them, Holden!

X.

We would offer some comment on the above if any were necessary, but there is no occasion for it; this chaplain was a very suitable one for the crowd he prayed for and preached to. There was a general fitness of things all around, between the commander, the troops and the chaplain, and, we may add, the powers that employed them and the work they performed—a dirty, low and mean. There is some consolation in the knowledge that many of the vile instruments of oppression brought to hector over and oppress the people of the State, are finding their proper level and meeting with the reward they deserve; and the time will come when all who have engaged in the work of overturning the Constitution, nullifying the great writ of *habeas corpus*, and arresting citizens without due accusation and form of law, whether high or low, will meet their just deserts.

UNITED STATES SENATOR.

MR EDITOR: If I rightly comprehend the position of your correspondent "Scribe," in reference to the "United States Senator ship," it is simply this: he assumes (properly it seems to me,) that if, in the election of a Senator, regard should be had to the claims of that class of our citizens *only* whose disabilities have been removed, to the exclusion of the *loaned class*, it would be equally politic to exclude all who cannot take the "test oath."

If gentlemen whose disabilites have been removed, are required to take the "test oath" as a condition precedent, it is evident that a Senator from *this class* could not take his seat unless Congress would modify the oath. Whether he could be seated there *for* would depend entirely on the *will* of Congress.

On the other hand, if a Senator should be selected from that class who are now *loaned*, he would be alike dependent on the *will* of Congress for his seat. Hence, I would respectfully ask what would give one, from either of these classes, an advantage over the other, since it is clear that in the case supposed *both* would be equally dependent on the *will* of Congress for his seat.

I know no one has advocated in the columns of the SENTINEL, "the election to the U. S. Senate of any one who can take the test oath," nor does it appear to me that "Scribe" has said as much. Rather, he simply says in effect that one from either class referred to, would have as good a chance for his seat as the other, since both would be alike dependant on the *will* of Congress.

Respectfully,
CITIZEN OF YANCEY.

DEATH OF A SOUTHERN PLANTER.—Hon. Henry Buck, a wealthy planter of South Carolina, died at Saratoga Springs a few days ago. At the beginning of the late war he was the owner of over five hundred slaves, and was regarded as a model master in his relations towards them. His plantation was described at length in Edmund Kirk's book, "Among the Pines." The deceased was a member of the South Carolina State Senate last winter.

MANLY AND JUST.—The Cincinnati. *Commercial*, being impeached by an ultra Radical newspaper with infidelity to the party, among other things is reply says: "If the policy of governing the reconstructed States as illustrated by Gov. Holden, of North Carolina, is endorsed by the Republican party, as it seems to have been by the President, then the *Commercial* is not Republican."

In a concert hall out West is placarded the following notice: "Persons chewing tobacco will please spit in their hats."

Mr. R. B. Bolling, of Petersburg, has been nominated unanimously as the conservative candidate for Congress in the second congressional district, Virginia.

For the Sentinel.

UNITED STATES SENATOR.

MR. EDITOR: I respectfully request a brief space in your valuable paper, to discuss the Senatorial question, within the limits prescribed by yourself.

The Radical party well understands the extreme importance of stifling the voice of the South in the National Congress.

The reconstruction measures, test oaths, and constitutional amendments were all devised with this end steadily in view, and up to this time their policy has been entirely successful.

The Southern people have been like sheep, dumb before their shearers. They have been compelled for three years now to witness the indecent spectacle of carpet baggers and native mercenaries, (both equally their enemies) thronging the halls of Congress, as the willing tools and cringing toadies of an implacable party, firmly bent on the humiliation and ruin of a spirited people.

There are some amongst us and of us, who are willing that this intolerable state of things should continue. Such for instance as the recent writer in the SENTINEL, who communicates his discovery, that it is not Congress, but our State officials, who are the cause of all our ills—as if these miscreants, were not merely doing their appointed dirty work.

There is another class who think it the height of wisdom to exhibit our resentment at, and contempt for the Constitutional amendments and test oaths, by sending to Congress gentlemen who are tanned, and who will certainly not be allowed to fill the seats to which they have been elected. This course is in direct opposition to the mature advice, which the Democratic and Conservative National Executive Committee has so earnestly pressed upon the consideration of the Southern people. A much more effectual way of displaying our sense of the wrongs inflicted upon us, will be to send men there who can express that sense, and denounce those wrongs in that Forum of the American people.

Besides, to pursue the course I am condemning, will be to play into the hands of the Radical party. It is just what they wish us to do. If they can't have another carpet bagger or scalawag in the Senate to succeed the gentleman from New Hampshire, next March, they will be delighted to have the seat kept vacant, to await political changes which may come.

The people of North Carolina, who elected the noble majority of patriotic Democrats and Conservatives to the Legislature, are too much aroused and in earnest, to patiently permit the fruits of their victory to be squandered frivolously.

It may be taken for granted I think, that the Legislature will recognize the weighty considerations which limit their choice to some gentleman who is not banned, or whose disabilities have been removed. We almost heartily wish there was statesmanship and an all embracing love of country in the halls of the present Congress, sufficient to pass a general amnesty, but, moonite puritans, unacclimated carpet baggers, native renegades, and Western bummers, do not constitute an assembly from whom we may look for pleasant or profitable things. I therefore repeat that our choice is limited to those gentlemen, whom the present laws permit to take a seat in the Senate, and a temperate, fair discussion of the merits of such may be useful.

The purpose of this communication is to ask attention to the peculiar fitness of the Hon. E. J. Warren, Senator from Beaufort and Hyde Counties, for the elevated position in question.

Judge Warren has been long and favorably known to the people of North Carolina. It is not too much to say, that no Judge of the Superior Court in our time has given greater satisfaction to the members of the Bar, to suitors, or to the people. Well versed in the learning of his profession, of irreproachable integrity and fairness, dignified without hauteur, patient, laborious and firm, his career on the Bench recalled the memory of the best days of the State.

As a politician his views have been distinguished by a wise forecast of the consequences of those great party measures which formerly divided our people. No one can charge him, however, with a factious or unpatriotic refusal to acquiesce in accomplished facts, to rely because such things have been brought about against his wishes. To accept the situation and make the best of it—to temper and restrain the rage of parties—to uphold the Constitution, as the charter of our rights and liberties, and its strict construction as defining the powers and duties of all the co-ordinate branches of our government, have been cardinal points in his career. While he has always been judicious and moderate, there is no neutrality in his composition. There need be no fear of his compromising any question, at the sacrifice of the interests or honor of the State. There is no living man more wholly devoid of the arts and tricks of the scheming politician, none more modest in the assertion of his claims to advancement. Whatever positions he has heretofore held have been proffered without his solicitation. No office has attractions enough to lead him to intrigue for it or to jeopard the harmony of his political friends and associates in contending for it. Let all be assured of this fact.

North Carolina needs the best talent within her reach in Congress and especially in the Senate. The public opinion of the United States is largely moulded and controlled by the acts and speeches of that once illustrious body. It is the citadel of our enemies, and we ought to send a man into it, who has the courage of a lion, the heart of a patriot, and the brain and culture of a Statesman.

Our Senator ought to have enough personal force to command the attention of the country, when he rises in his place, to protest against the wrongs and outrages perpetrated upon his State. He ought to be the intellectual peer of the men whom he will have to encounter in debate—some of whom are not carpet baggers or pigmies—the trained debaters and Statesmen of the United States Senate will not be long in taking the measure of our Senator. No local or puffed reputation will avail him in that arena.

To render the State the service which she needs, he must be equal to the great occasion which demands him—otherwise, he will shrink into the crowd of undistinguished person, who are only valuable at roll call.

The writer sincerely believes that Judge Warren, possesses in an eminent degree the qualities he has sketched. Two objections have been urged against him, and both of little force when fairly weighed. The first is that he is not a native of the State. But if not born here, he is a citizen by choice, and has resided here since his graduation at Dartmouth College. He has lived amongst us for more than a quarter of a century, married here and reared his family in our midst. His brothers also live in the South, except one brave and generous youth, who sleeps his last sleep under the sod of Alabama, where he fell sword in hand fighting the battles of the South.

He is bound to us by all the ties of blood and affection, of dangers freely shared, of common interests, and the choice of his early manhood.

The second objection is, that he resides in the Eastern part of the State, where the other Senator also lives, and that his election would give both members to the East. It is easy to array sectional prejudices, and hard to remove them. The obvious reply to this objection is, that John Pool has not heretofore shown that he represents North Carolina at all—either the Eastern or Western part. His ambition seems to be to out Herod Herod in his devotion to the most advanced radicalism.

It is a matter of indifference to the good people of North Carolina in what part of the State, the prime instigator of the late warfare upon innocent and unsuspected patriots may now or hereafter dwell. It will certainly not be allowed to control their choice of the man whom they intend to send to the Senate to neutralize his pernicious influence, to shine where he darkens, to defend the liberties and privileges of the State, which his parricidal hand would have fatally stabbed, if his ability had been equal to his malice.

There is a little history connected with the removal of his disabilities by Congress, which had as well be told. The writer happens to know that Judge Warren's name was recommended to Congress without his knowledge or solicitation.—The amusing part of the transaction was that he had no disabilities under any constitutional amendment, or reconstruction laws. His name was inserted in the same way and at the same time, and most probably for the same reason, that Bishop Atkinson was placed in one of their pardon peddling bills—which was to give some of the names therein a hue of respectability by the association,—and the Radical party an opportunity to shiver over a hypocritical and pretended magnanimity. If he had needed to have his disabilities removed it would not have been done. But it has had this result, that while poltroons like B. F. Butler, in Congress, have been enlarging the lists of the banned by swelling the catalogue of offences which work a forfeiture of the birthrights of American citizens, *ex post facto*, they have disabled themselves from imposing disabilities on gentlemen like Judge Warren, whom they would gladly ostracise, if they had not been caught under their own deadfall.

BEAUFORT.

For the Sentinel.

MR. EDITOR:—In the anecdote which in your paper of this date, you extract from the *Southern Home*, and for which I am made sponsor, my friend Gen. Hill has made a mistake in locating the occurrence in Danville, as well as in the name of the schoolmarm and in *the word* which she called on her promising pupils to spell.

The examination was had in one of the Yankee schools in the city of *Richmond*, and before a teacher whose name I have forgotten. It may have been "Miss Sally Ann Wiggins," or Miss *Betsy crippins*, or another miss who can boast of a more euphonical as well as a more classical name.

Nor was the word of which "Judy" or Tabby was required to give the proper spelling, "scissors," as reported by my friend, the hero of "Big Bethel" and of other hard-fought fields, but the equally familiar one, which "comes home if not to the bosoms," to the feet "of us all," namely, "socks." After several unsuccessful attempts to better her first effort, in which she confidently bawled out, "soz," and not comprehending how she could possibly have mistaken the letters which entered into the composition of so familiar a word, she exclaimed, in utter despair, "I clare marm I thought dat was right. Well marm, if "s-o z" don't spell socks what do it spell?"

My unwillingness to appear as having misrepresented *the more intelligent pupils* of the schoolmarms, of *my own town*, prompts me to request that you will give the above disclaimer a place in your next issue, and thus place both them and me *rectus in curia*, before the public.

COMMUNION SERVICE.—On Sunday afternoon, Communion Service will be held in the Presbyterian Church. Rev. S. A. Stanfield will officiate, assisted by Rev. T. N. Paxton.

DIVINE SERVICE.—The following Ministers, members, of the Presbyterian Synod, now in session in this City, will officiate to morrow in the following Churches:

Methodist, morning, Rev. S. McKinson, of Goldsboro; evening, Rev. W. W. Pharr, of Mecklenburg.

Baptist, morning, Rev. John Douglass, of Mecklenburg; evening Rev J. M. Sherwood.

Presbyterian, morning, Rev. Dr. Leighton Wilson; evening, Rev. A. W. Miller, of Charlotte.

Mission Chapel, morning, Rev. S. C. Alexander; evening, Rev. J. P. McPherson.

Opening day at MRS. CETTINGER'S, Tuesday October 11th.—Her friends and customers are respectfully invited.

The growing popularity of *Hester's Millinery* is beyond precedent, and well merited. Their goods are the finest ever brought to this market, and are attracting orders from all over the State.

NO GAS.—On Friday morning a fire broke out at the Raleigh Gas house, which damaged the house and works to such an extent, that it will be impossible to manufacture gas for four or five days; consequently we shall have to fall back on our kerosene and adamantine.

The fire broke out about six o'clock, and when discovered had made considerable progress. The colored Fire Company was the only one that reached the place before the fire was stopped, and did effective service in checking its ravages.

The want of gas will be a serious inconvenience to the city, but we must exercise patience.

HON. R. B. GILLIAM.—We are happy in being able to state that Hon. R. B. Gilliam, who has been laboring under severe indisposition for several days, is much better.—The intelligence reached the city by telegraph from Henderson to a gentleman in this city to-day.

There are unmailable letters in our Post Office, one directed to Hon. A. W. Tourgee, Greensboro', and the other to Mrs. Mary A. Evenins, without the place of destination.

ATTENTION FIREMAN.—Members of Rescue Steam Fire Engine Company, Mechanics Fire Company and Hook and Ladder Company, you are hereby ordered to meet at Metropolitan Hall, on Monday evening, 10th inst., at 7½ o'clock, for the purpose of making some co-operative arrangements for the reception of the various Fire Companies that may visit our coming State Fair,—Punctual attendance is required,

F. LEMON, Hook & Ladder.

BEEF.—Mr. Ben. Kirkham requests us to say that he will have at his stall, No. 3, at the market house, on Saturday morning, thirteen hundred pounds of fine stall-fed beef, &c., &c.

ANOTHER OF KIRK'S MEN IN LIMBO.—A gentleman informs us that Capt. Ray, whom a correspondent stated last week had killed a Mr. Brown in Yancey, was a Captain in Kirk's regiment of State Troops, and has been arrested and lodged in jail to await his trial. It looks as it in the case of these men, "murder will out," and that most of them will soon get their reward.

NORTH CAROLINA CONFERENCE.—The annual North Carolina Conference of the M. E. Church, South, will hold its next session at Greensboro, commencing on Wednesday the 23d, November next.—Bishop Pierce will preside. The area and membership of the Conference was considerably enlarged by the late General Conference, by the cession of all the territory in this State, hitherto belonging to the South Carolina Conference.

ORDINATION.—Rev. Dr. Pinckney of the Protestant Episcopal Church, was consecrated to the office of Assistant Bishop of Maryland on Thursday last, in Washington City. Bishops Smith of Ky., Whittingham of Md., Johns of Virginia, Atkinson of N. C., Odenheimer of N. J., Kerfoot of Pittsburg and Lay of Easton Pa., were present assisting in the service.

INFORMATION WANTED.—A letter addressed to Mr. Wm. Nathaniel Howarth, Mechanic, Raleigh, N. C., has been left at this office for him. It was forwarded from Manchester, England. If anybody knows the whereabouts of Mr. Howarth, they will please inform him of the letter in the possession of the Editor of the *Sentinel*.

FRIENDS OF TEMPERANCE.—Carolina Council No. 91, Friends of Temperance, was organized at the Mayor's office on Thursday evening the 6th inst. by Rev. R. H. Whitaker, Secretary of the State Council. The following officers were elected for the present term: V. Ballard, President, Joseph Watson, Associate, Theo. H. Hill, Chaplain, P. C. Ennis, Secretary, W. E. Pell, Jr. Financial Secretary, G. E. Lodges, Treasurer, R. W. Bryan, Conductor and John Mowatt, Inside Sentinel. The election of Assistant Conductor, Outside Sentinel and Ex-President was postponed to the next regular meeting.

PROCEEDINGS OF SYNOD.

MORNING SESSION—SECOND DAY.
FRIDAY, Oct. 7.

The Synod was called to order at half past 9 o'clock pursuant to last adjournment.

The session was opened by Moderator Stanfield with prayer.

The roll of the various Presbyteries and Ruling Elders was called.

The minutes of yesterday's proceedings were read and approved.

Rev. Dr. Smith, of Virginia was invited to a seat as a corresponding member.

A communication from R. Kingsland, Esq., of the N. C. Land Agency, in regard to the religious facilities that could be extended to immigrants coming into this State, was read, and on motion, the matter was referred to a committee consisting of Rev. Messrs. Atkinson and Smith.

A letter from Rev. Chas. Phillips, D. D. of Davidson College, was read excusing his absence from the Synod.

The first order of the day was taken up, viz: the report of the Committee on Sustentation.

Rev. Mr. Sherwood, Chairman of the committee, proceeded to read the report, which contained also, resolutions in regard to the subject matter of the report.

On motion, the report was received.—This matter drew forth interesting remarks from Rev. Messrs. Rumple, of Salisbery, Parks, of Charlotte, Dalton, of Washington, Miller, of Charlotte, Singleton, of Wilmington, Hill of Fayetteville, Col. Wm. Bingham, of Alamance, Dr. Hutchinson, of Charlotte, and Rev. Mr. Alexander, of the Wilmington Presbytery. The report and resolutions were adopted.

A letter was received from Rev. Hector McLean excusing his non-attendance upon the Synod.

The subject of ministerial education being the second order of the day, was called up, Rev. Mr. McKay read the report of the Committee and on motion the report was received.

Rev. Dr. Smith, of the Union Theological Seminary, by invitation, addressed the Synod upon the matters treated of in the report at some length. His remarks elicited the strictest attention and evidently made a deep impression on his hearers.

Rev. Dr. McPhail, President of Davidson College, presented some statistics in regard to that Institution.

The recommendation contained in the report for the observance of the 4th Sunday in February as a day of prayer for the young men about entering the ministry, was adopted together with the report.

After the transaction of some further business the Synod took a recess until 4 P. M.

AFTERNOON SESSION.

The Committee on Leaves of Absence submitted a report, which was adopted.

UNFINISHED BUSINESS.

The report of the Committee on the record of the Mecklenburg Presbytery. After some little debate the report was adopted.

Rev. Mr. Miller gave notice of an appeal to the General Assembly.

Rev. Mr. Singleton made a report from the Treasurer in regard to assessments, which report was adopted.

A number of other reports from various Committees were received and adopted.

A report of the minute of the death of Rev. Archibald Montgomery, was read and approved.

Rev. Louis K. Wiley, of the M. E. Church, being present, was invited to sit as a corresponding member.

SPECIAL ORDER.

Report of the Agent of Publications.

Rev. Mr. Smith, of Greensboro', the Agent, then submitted a report which was received, and the resolutions accompanying the report were adopted.

The Committee on Bills and Overtures reported unfavorably upon the proposition to transfer a portion of the Orange Presbytery to that of Wilmington.

The report was received and postponed until to-morrow.

A report from the same Committee in regard to the boundary lines of the Orange and Wilmington Presbyteries, was offered, amended and adopted.

After some further business the Synod adjourned until to-morrow at half past 9 o'clock.

SUPERIOR COURT.—Yesterday William Stinson, colored, was put on trial for rape committed on an aged and respectable lady in this county in June last.

Stinson is a young, stout built negro, some twenty five years of age, and of most brutish, sensual appearance. There is nothing about him but the animal.

The jury consisted entirely of blacks, and the evidence given before them was direct, well connected and conclusive, both as to the commission of the crime and the identity of the prisoner as the criminal.

The case was put to the jury under the charge of his Honor, without argument; they retired and soon returned with a verdict of "guilty." Sentence was prayed at once, and was pronounced, that he be hung on Friday, November 4th.

This was a most aggravated case of crime, and there were no palliating circumstances connected with it. His Honor, in pronouncing the sentence of the Court took occasion to remark that there were two gratifying facts connected with the dark and horrible affair—the first, that although the crime was one of such unmitigated atrocity, and the victim of it had many relatives and friends, yet they had forborne to take the law into their own hands, but had allowed the matter to undergo a lawful investigation and trial, and secondly, a jury composed entirely of the prisoner's own color, had decided the case without flinching according to law and evidence.

The prisoner is to be hung on the day named between the hours of twelve and one o'clock, in the jail yard enclosure.

BURGLARY.—The residence of Judge O. P. Meares of Wilmington was entered by a negro burglar on Wednesday morning, but he was discovered before he was able to get much plunder.

MR. CHAS. PRATT,

Sir:—The 100 cases of Astral Oil purchased from you a few days since were in our warehouse when the fire occurred, and strange to say although the house was burned to the ground—came out of the fire almost unharmed, the wood cases were of course burned off and several of the top cans soldered on top, But there was no explosion and the Oil in the open cans did not burn.

This morning before anything was disturbed we had a Photograph taken of the ruins showing the Oil as it remained after the fire was put out.

IMPORTANT TO ALL WHO VALUE THEIR SIGHT.

THE SIGHT OF THE AGED ASSISTED, THE WEAK STRENGTHENED AND THE PERFECT PRESERVED.

The Celebrated Concave Convex Crystal Spectacles, and Eye Glasses Manufactured by the

PHILADELPHIA OPTICAL INSTITUTE,

HAVE now been a long time before the public, and the rapid and increased demand for them, combined with the universal acknowledgment of their clearness and vision and ease to the eye, shows plainly that they are superior to any other glasses in the market.

The advantages claimed for the Concave Convex Crystal Glasses are the following:

The Lenses are ground of the best material pure and hard, and made only for optical purposes, they are therefore not liable to get scratched or dim.

They confer a brilliancy and distinctness of vision not found in any other glass.

They can be used equally well by day or candle light without tiring or fatiguing the eyes.

They are ground mathematically true in the concave convex mirror according to the philosophy of nature, and shape of cornea of the eye, therefore assisting nature only instead of forcing it.

That the lenses are centered correct into the frames.

They can be used longer than any other glasses without changing to a higher power.

The frames are made strong and durable by experienced workmen and warranted to give satisfaction.

With a view to meet the increased demand for our celebrated Spectacles, we have appointed an agent for this neighborhood, as stated below, who has received all needful instructions, and will in all difficult cases, have the assistance and consultation of a practical Optician from the Institute here

Under these instructions, a heavy battle is imminent between Rouen and Clermont.

LONDON, Oct. 7.—The *Pall Mall Gazette* has balloon advices from Paris on Monday. The demagogues have been defeated in the attempt to disturb the Provisional Government. The Mobiles behave well. Meat is scarce.

In announcing the fall of Strasburg and Toul to the Parisians, Gambetta said: In falling they cast a glance toward Paris to affirm once more the nicety and durability of the Republic. They leave us as a legacy the duty to deliver them honor and to revenge them.

The French *Journal Officiel* publishes a report that all the Garde Mobiles have Chassepots.—Two hundred and eighty thousand muskets of different kin. s have been distributed among the Garde Nationale and two hundred to Francs-Tiereurs, and still ten thousand weapons are on hand.

The Prussian guard is north of Paris between Canal De Lourgand and the North Railway. The fourth corps is on its right and the twelfth corps is on its left. The task of diverting the water of the Canal De Lourcq, unto is entrusted to Pioneers of the Prussian guard. The stream falls into the Seine some miles below Paris.

The object is to cut off the supply of water from the besieged. The Prussian guns are nearly in position before Paris. The bombardment will commence from all the batteries simultaneously, the moment the arrangements are perfected. Belfast, Schlestadt and the new Brisach will be attacked immediately. WASHINGTON, Oct. 7.—The route is now open to Charlottesville and on all the roads recently flooded. Travelers are made where the bridges were swept away.

In a case where during the late war a person purchased real estate, being at the time of purchase engaged in actual hostilities against the government, and in order to avoid confiscation, caused the property to be conveyed to his father-in-law who was not in open hostility to the Government, and the latter, when it was ascertained the land would not be confiscated, reconveyed the same to the son-in-law without valuable consideration, the Commissioner of Internal Revenue decides that such conveyance confers a taxable succession on the son-in-law. LOUISIANA.

NEW ORLEANS, Oct. 7.—The Nominating Convention of the Christian Republican party, met yesterday and adopted resolutions congratulating the country on the adoption of the 15th amendment; favoring a strict economy in all public matters, declaring a determination to expunge from the statute books of the State all oppressive and odious laws that were enacted to the injury of the people; favoring only honest men and true Republicans for office and the enactment of such laws as will secure a proper observance of the Sabbath. Rev. Chas. Satchell was elected President, A. T. Dumas, colored, was nominated for Mayor of New Orleans and L. A. Walsh for Congress for the second District.

FOREIGN.

BRUSSELS, Oct. 7.—The Belgian *Echo* says that there is great activity everywhere to protect the frontier.

The Pontifical Zouaves five hundred strong, arrived here and entered the French service.

Gen. Cambriels reports to the Minister of War from Epinal on the 6th, that the enemy are going towards Nan Frissarch. There was skirmishing there on the previous day, but without serious result. The villages about Epinal are filled with troops.

A combat took place yesterday, between Leon and Pregiers against 8,000 to 10,000 Prussians, supported by artillery. The French troops, aided by the National Guards, held their position.

A dispatch from Earoux shows great enthusiasm on the part of the National Guards, who are rising en masse to resist the Prussian requisitions.

LONDON, Oct. 7.—Gen. Bourbaki has been allowed to remain at Metz orders to that effect being given by King William before Bourbaki left on his fruitless errand to England.

Pierre Bonaparte is here. The French prisoners have been removed from Beneroe to the interior camp, formerly occupied by the militia.

Both the *Cologne Gazette* and the *Independence Belge* assert that there is complete underground communication to Paris and Tours.—The Belgian papers intimate that the Prussians are alarmed and are disposed to press the siege of Paris.

The French say the enemies cavalry at Tours numbered fifteen hundred and not five thousand as at first reported.

A dispatch from Bonnevalin in the department of Eure et Loire, dated Thursday evening the 6th says: The enemy is evacuating the country beyond Tours, and are apparently falling back on Etampes. The great gun for Fort d'Ivry on the South of Paris, is nearly ready to be placed in position. Its range is eight Kilometres and it requires thirty-five Kilogrammes of powder for a discharge.

Gen. Branchhurst has been appointed Military Governor at Versailles. The Bavarians about Etoche, which place they are besieging, occupy wood huts instead of tents.

PAIN KILLER
PERRY DAVIS' SON & CO. PROVIDENCE R.I.
1840 1870

THE PAIN KILLER.

This celebrated medicine has won a deservedly high reputation as an alleviator of pain and a preserver of health. It has become a household remedy, from the fact that it gives immediate and permanent relief. It is a purely vegetable preparation, made from the best and purest materials, safe to keep and to use in every family. It is recommended by physicians and persons of all classes, and to-day after a public trial of thirty years—the average life of man—it stands unrivalled and unexcelled, spreading its usefulness over the wide world. Its large and increasing sale affords positive evidence of its enduring fame. We do not deem it necessary to say much in its favor as one small bottle will do more to convince you of its efficacy than all the advertisements in the world. Give it one fair trial and you would not be without it for ten times its cost.

Directions accompany each bottle.
Sold by all Druggists.
Price 25 cts, 50 cts, and $1 per bottle.

THE MOST VIGOROUS AND PROGRESSIVE COMPANY IN THE WORLD.

The Equitable
LIFE ASSURANCE SOCIETY OF THE UNITED STATES

120 BROADWAY, NEW YORK.

BURROUGHS & SPRINGS,
GENERAL AGENTS,
CHARLOTTE, N. C.

TWENTY-ONE REASONS FOR PREFERRING THIS COMPANY TO ALL OTHERS.

1. Its cash assets are upwards of $13,000 000.00 and constantly increasing.
2. None of this is made up of promissory notes as in many Companies.
3. Its cash income per annum is over $5 5 0,000.00 and steadily growing larger.
4. None of this is composed of the notes-of-hand of policy-holders, as the case in many companies.
5. It has paid to widows and orphans, and other claimants under policies on deceased members, about $4 000 000.
6. Such payments are made in cash, and not partly in cancelled notes, as is the case in many companies.
7. No deductions are made from the face of a policy for premium notes when it becomes a claim, as is the case in all Note Companies.
8. The sum of $1 000,000, and upwards, in cash divided among policy-holders, (this included the dividend for the present year), as profits of the business.
9. All the profits of the business are annually divided among the assured Equitably, instead of being wholly or partially distributed among the stockholders, as in the case in all "Mixed" and "Proprietary" Companies.
10. Dividends are invariably available as cash in payment of premiums.
11. The dividends are made from the start and not postponed until after the lapse of several years, as in many Companies.
12. The Society deals Equitably with its policy-holders.
13. The Equitable has made more progress since its organization than any other Life Company in the world.
14. Its risks have been so carefully selected and its dealing so equitable, that it has never been obliged to contest the payment of a claim at law.
15. Its modes of applying dividends are more numerous and more advantageous than those of any other company in the world.
16. It issues all the popular styles of policy, including "Ten Year Non-Forfeiting" and "Endowment policies."
17. The amount of new business during the year ending "December, 1, 1869, was $51,021,141.00.
18. Its policies average larger in amount than those of any other company, showing that capitalists select the Equitable for purposes of investment.
19. The profits of the business are apportioned to the assured on the "Contribution Plan," which is conceded to be the only equitable mode of division; and not by the mode adopted by many companies, which is grossly unjust to a large proportion of the policy holders.
20. It is as liberal in the conduct of its business as is consistent with safety to the assured, and does not sacrifice proper caution to an ambition to increase the nominal amount of its business as is the case with many new companies.
21. It is the favorite company in the United States, as is shown by its new business for last year, being nearly $15,000 000 greater than any other company.

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!
No more Smoke!—No more Grease!
No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

SUCCEEDS HIS FATHER IN THE AGENCY OF THE

NATIONAL LIFE INSURANCE CO., U. S. A.

For the Central and Northern Counties in
NORTH CAROLINA.

The NATIONAL, under the management of his father, P. F. Pescud, Sr., secured very many warm friends who obtained policies for large amounts, and the fact that it has issued upwards of

10,000 POLICIES,

and nearly doubled its immense Capital of $1,000 000

in about two years, speaks more for its wonderful popularity than any language at my command. The rates being based on the Stock Plan, and when contrasted with Mutual Cash rates, are so much lower, that a certain and handsome dividend is secured from the date of the Policy.

I will be gratified to take applications from my friends and all wanting Policies, and shall want many active and reliable Agents, in the fields assigned me.

FOR THE IMPROVED

"UTLEY COTTON PRESS."

THE "UTLEY PRESS" So well known, and which gave entire satisfaction last season, can be obtained of me at Raleigh, or my Agents, Messrs. Mitchell, Allen & Co., Newbern, with its improvements.

Price $175.00.

This invention of power, whereby all friction is overcome, its simplicity, economy and durability, astonishes all who see it; and the more so, that a power so simple should have remained so long unappropriated. The strain is wholly borne by the Bed Plate, Follower Block, and two 1¼ inch square iron bars, which is capable of sustaining a strain of 200,000 lbs. Thus giving much more strength than is required. WITH THIS PRESS TWO MEN CAN PACK A BALE OF COTTON WITH EASE IN EIGHT MINUTES WEIGHING FROM 400 to 550 lbs.

One man can do the work, only requiring longer time.

It occupies a very small space, and can be so placed as to receive the lint direct from the Gin or Lint room, as may be desired. Thus doing away with baskets, and frequent handling of the lint.

It is light in weight, can be taken down or put up in 30 minutes and transported on a two Horse Wagon.

I believe it unequalled by any Press for power, convenience and durability.

Press complete—Depth Cotton Box 8 feet. Size Bale 4½ feet 26x28inch; wt. Bale 400 to 550 lbs

LIFE INSURANCE AS AN INVESTMENT.

THE

Widows & Orphans

BENEFIT LIFE INSURANCE COMPANY OF NEW YORK.

Cash Assets over $1,500,000,

ISSUES ALL FORMS OF NON-FORFEITABLE WHOLE LIFE AND ENDOWMENT POLICIES on the Mutual Cash Plan, declaring Dividends annually after the first annual premium paid. Assets exclusively Cash with no portion of its reserve fund in premium notes, consequently the "reserve" is stronger than that of any Company doing business in this State. "Re" Dividends surrender values guaranteed" as an inducement to new business, but reference is made to the average amount, paid on each surrendered policy as shown by New York Insurance Reports, 1869 in evidence of having paid larger surrender values, than has been given under a minimum "Policy Cash Surrender Value." Death losses have not occurred, out of several hundred policy-holders in this State, which fact must establish the better ability of the Company, to pay larger dividends than Companies having an excessive mortality, the result of a selection of bad risks. "Paid up Dividends are not declared" but Dividends are given from the actual surplus in accordance with the Company's Charter. The attention of the public is invited to the following comparison of cost, demonstrating the advantages over ordinary insurances, of the

TONTINE DIVIDEND PLAN:

Ordinary Life Policy Tontine Dividend Plan. Age 38 amount $10,000. 10 years in force. Annual Premium $291 50.	Ordinary Life Policy Mutual Cash Plan. Age 38, amount $10,000. 10 years in force. Annual Premium $291 50.	Ordinary Life Policy Stock Company Age 38, amount $10,000. 10 years in force. Annual Premium $291 50

POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE, IS THE ONLY COMPANY IN AMERICA WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation for *judgment of investment, economy of management, and skill and care in the selection of risks*,—upon which elements of administration the security of a Life Insurance Corporation depends.

The laws of New York compel Companies in that State to calculate the Cash value of their Policies, each and every year, *and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.*

Insurers, in looking around for Companies in which to insure, should carefully seek for this important safeguard. It will be found in the BROOKLYN LIFE.
